

Cookie Policy

This policy explains how cookies are used on the website (the “Website”) for Los Angeles Capital Management LLC (“Los Angeles Capital”). Los Angeles Capital may modify, alter or otherwise update this policy at any time. Los Angeles Capital will promptly post the new policy on the Website including the date the policy was revised. By using this Website, you agree to the placement of cookies on your computer in accordance with the terms of this policy. If you do not wish to accept cookies from this Website, please either disable cookies in your web browser or refrain from using this Website.

What is a cookie?

A cookie is a small text file that may be saved in a specific location on the hard drive of your computer or mobile device (e.g. tablet, smartphone, etc.) when you use your browser to navigate a website. Cookies allow the Website to recognize a user's device. You can find more information about cookies at: allaboutcookies.org.

What cookies do we use and why?

The Website uses analytics cookies. Analytics cookies are used to help Los Angeles Capital improve user experience on the Website. These cookies provide information to Los Angeles Capital about the use and performance of the Website.

Analytics cookies collect information relating to the origin of your visit, whether you arrived directly or indirectly to the Website, the device you used to visit the Website and which downloads you performed. This information is collected on an anonymous basis via a third party provider about how you employ the Website, such as which pages are visited by the user. Los Angeles Capital uses the following cookies:

- Analytics, to provide a variety of statistics on how the Website is used; and
- Design testing, to test different designs of the Website to improve the users' experiences.

The Website uses Google Analytics, a web analysis service from Google Inc. (“Google”). Google Analytics helps collect and analyze information gathered via cookies. More information about how Google Analytics is used can be found [here](#).

Cookie Name	Expiration Time	What Data Are Collected
_ga	7 days	Used to distinguish users
ga<container-id>	7 days	Used to persist session state

To provide Website visitors with more choices on how their data is collected by Google Analytics, Google has developed the [Google Analytics Opt-out Browser Add-on](#). The add-on communicates with the Google Analytics JavaScript (ga.js) to indicate that information about the Website visit should not be sent to Google Analytics. The Google Analytics Opt-out Browser Add-on does not prevent information from being sent to the Website itself or to other web analytics services.

How to disable cookies

Unless you have adjusted your browser setting to refuse cookies, our system may issue cookies when you access or use the Website. We use this information to make decisions about ways to improve and enhance your experience on the Website and identify products that may be of interest to you. If you do not want to receive a cookie from the Website, you have the option of setting your browser to notify you when you receive a cookie, so that you may determine whether to accept it or not.

How to contact us

If you have any questions or comments about this policy, please contact privacy@lacapm.com.
